ADDRESS

PRESENTED TO

Janab MAHMOOD SHERIFF

(Minister for Public Health & Excise)

BY THE

GOVT. PRESS EMPLOYEES' ASSOCIATION
BANGALORE

SUNDAY 7th NOVEMBER 1948

BANGALORE
PRINTED BY THE SUPERINTENDENT AT THE GOVT PRESS
1948

Address presented to Janab Mahmood Sheriff B A LL B Minister for Public Health and Excise to the Government of Mysore, by the Government Press Employees Association Bangalore, on the occasion of the First Anniversary of the Association

On Sunday the 7th November 1948

MOST ESTEEMED SIR,

ON behalf of the Members of the Association, we beg to thank your honour immensely for having kindly consented to preside over this function We beg to mention here that the Inauguration Day of this Association was celebrated last year under the Presidentship of *Rajasevasakta* M Seshadri, M A , the then Minister for Home, who was also holding the Portfolio of this Department We owe a deep debt of gratitude to him and to your honourable self for evincing keen and sympathetic solicitude for the welfare and happiness of Press Employees of this Department

It may not be out of place in this brief passage to emphasize our profound sense of loyalty to His Highness the Maharaja and beg of you to kindly convey our humble sentiments to His Highness the Maharaja for whose long life and prosperity we shall ever pray We are grateful to you, Sir, for giving us the honour of your gracious presence this evening in the midst of your multifarious engagements

It was more than one hundred years ago that this Department was started and it was then an arm of the Government Secretariat It is now an independent Government Department with a Technical and Foreign trained officer as its head

Abolition of Bifurcation —The working hours were throughout uniform to all the employees of the Press and any change that was effected in it applied without any distinction from the highest administrative

head to the lowest servant of this Department In 1945, some change in the working hours was made with the result that two sections of employees were made that is, Ministerial and Industrial, the former working 6 hours and the latter working 7 hours This created an impression of separatism amongst the employees and the consequences are not healthy to them Therefore in the interest of smooth going of Government work and to improve comradeship among the employees of this Department, we beg that this distinction between Industrial and Ministerial Establishments may kindly be abolished

Reduction of Working Hours --In 1947, many representations were made to Government and the then Government found that it is necessary to reduce the working hours Unfortunately a reduction of only a quarter of an hour at the ending of the day was made which was not, we need not say, to our liking We are urging from the beginning that the working hours are too inconvenient to attend office very early We are forced to have meals at the time when all others are at tiffin The starting hour of work namely 10 A M is too early and leaving the Press at 5 30 P M is too late We attend the Press on many a day without meals and work till the evening as most of us are living in places outside the City boundary four to five miles distance, as a consequence of which our health is shattered and many of us are falling sick often and receive no salary during the leave period as the existing leave rules do not apply justifiably unless the total service of employees are considered in regard to the grant of sick leave contemplated in the Govern ment Order And also we have not been classified as labour class, which fact is also endorsed by the Superintendent in his letter No 990, dated 3rd October 1947 Therefore, we, on behalf of the Associa tion, beg that the working hours may be reduced by at least half an hour at present, *i e* , from 10 30 A M to 5 30 P M

Abolition of Piece work System —Printing is a fine art and great skill is necessary for the efficient discharge of duty by each employee Especially, the work of hand composing affects the human system It is a common experience that compositors are short lived, because they have to deal with lead poison during their work Particularly the piecework system induces workmen to put in more hours to earn for their livelihood Therefore they are urging the Association to abolish the Piece work system and requesting to recommend to introduce a uniform scale of Rs 40—2 - 60 and Rs 50—3—80 We solicit kind consideration at the hands of Government in this matter

Housing Facilities —The Press is situated outside the City Limits As the working hours begin as the day dawns, it has been felt much difficult to attend office Most of us are residing four to five miles away, paying half of our salaries towards the rent Therefore it is urged that buildings or sites very near to the office premises may kindly be made available to employees to enable them to attend office punctually or sanction suitable house rent allowances until quarters or sites are provided in the new extension "JAYANAGAR

Medical Aid —The working hours of this office are such that it never allows the employees to go for medical treatment without applying for leave because all the medical shops open only after 9 A M daily at a time the employees of this Department should be on their way to office Therefore we request that suitable medical aid, *i e*, a dispensary with a Doctor may kindly be provided to this Department in the interest of maintaining sound health of 600 employees

A Permanent Building for Association —As the Association is now located in a temporary American Shed, it is a very small portion where even ten

members cannot conveniently sit for indoor games, whereas this Association consists of more than 400 members Therefore it is requested that a separate permanent building may kindly be ordered to be provided in which at least 100 members can spa ciously sit for indoor games as a recreation after their day s toil and for meetings of the Association, etc

Grant for Association Library and Sports —Day by day the number of membership is increasing and every one urges to enlarge the library and sports section as the existing one is insufficient due to non availability of funds in the Association Therefore it is requested that a recurring grant of Rs 500 annually may kindly be sanctioned for the Association to enable for provision being made for more News papers, for enlarging Library, and increasing facilities for indoor and outdoor games

Grant of Rs 1,000 for Press Centenary —It was felt that in an institution which had rendered 105 years of service to the State and Public, an annual gathering to bring the whole staff together and create a feeling of comraderie and common interest among them, was necessary Therefore, all employees of this Press and allied Offices urge to request you to kindly sanction Rs 1 000 for arranging a Centenary of this Department by next month

The employees are deeply grateful to Govern ment for the gracious recognition of the work done by the employees of the Department by sanctioning a lumpsum grant of Rs 500 for arranging the 'PRESS DAY' annually on February 18th every year

Holiday on 18th February, every year —As we have decided to celebrate the Press Day as well as 'Association Day on the 18th February every year, the holiday is absolutely necessary to make both the functions on a grand scale and to create a healthy and

co operative spirit amongst the members, Therefore, it is requested that Holiday may be declared on 18th of February every year, or if 18th falls on Sunday or General Holiday the next working day may kindly be declared a holiday in honour of the occasion

Special Bonus to Employees —The employees are required to work for 7 hours a day, and due to this long working hours it is the experience of all the employees that they will be exhausted by the time they leave office and reach home The increased cost of living has reduced them to the extent of going for debts during war period and they are actually in debts and struggling hard for existence

Your good self is perhaps well aware of the heavy work we had to cope with during the war period, due to increased activities of departments like Food, etc , and the loyal manner in which we carried out our onerous task In consideration of our good and loyal work, we request you to kindly order the grant of a lumpsum allowance of three months pay as a special bonus as a sort of co mpensation for their hard work that the employees were obliged to do during the war and the hard period

Canteen —However, a canteen and other financial aid have been sanctioned Due to non availability of food stuffs, the same could not be brought into practice Instead a Public Restaurant has been arranged which do not benefit the employees due to heavy rent imposed on it Therefore it is prayed that the present rent may kindly be cancelled so as to enable the canteen to supply a very cheap and good eatables to all the employees of this Department

The employees anxiously waiting for kind consi deration of all the requests above mentioned and we most respectfully thank you for honouring our

invitation to preside over to day s function and we feel quite confident that the representations will have the fullest sympathy at your hands

Yours most obediently

MINISTER FOR CITY MUNICIPALITIES & LUZRAI
No T513
Date 11-11-1948

The Minister for City Municipalities & Luzrai,
Government of Mysore,
Bangalore

Revered Sir,

We, the employees of the Government Press & Allied Offices beg to place before you some of the grievances for kind consideration and favourable orders.

REVENUE SECTION
No 17-11
Date
GOVERNMENT OF MYSORE

The Anniversary of the Government Press Employees' Association held on Sunday the 7th instant under the Presidentship of Janab Mohamed Sheriff, Minister for Public Health & Excise, and an address copy of grievances was presented to the Minister.

Sri. Rajasevakta P.Subbarama Chetty, Minister for City Municipalities & Muzrai and Sri. C.N.Narasinga Rao, Chairman of the Bangalore City Improvement Trust Board and Sri. A.C.Nirvani Gowda, Secretary to Government, Education Department, were also present.

While replying to the address, the Minister was kind enough to promise the allotment of Building sites for all the employees of the Government Press & allied Offices (numbering about 600) very near to the Government Press Premises, i.e., near Fumara Park Extension, along the Madras Railway line. This proposal was seconded by Sri. C.N.Narasinga Rao, Chairman of the City Improvement Trust Board, and supported by the Minister for City Municipalities & Muzrai.

In this connection, it may be stated that the employees of this Department are sufferring very much without housing facilities. Half of their pay is going towards the House-rent. Your goodself

P.T O.

goodself also quite aware how hard the days are and how much the Land-lords trouble the tenants towards rent. Every Land-lord so to say has a itching palm.

Further, the Press begins to work early at 10 A.M. to which time the employees cannot attend Office at the schedule hour, as they are residing far away from the Press. Not only it works so early as 10 A.M. but also it works late till 5-30 P.M. under ordinary days and even till 8 P.M. on overtime days. So, their presence is practically spent the whole of the day in the Press itself. If their houses are far away from the Press it will bevery difficult for them to attend to their household duties but also for Office duties in the interest of Government work, in emergent cases when their services are required irrespective of schedule timings.

Therefore, they humbly pray your honour to grant them a plot to accommodate for nearly 600 employees of the Government Press & allied Offices, very near to the Press premises. This may be named as "Press Colony" if Government approve.

We remain,

Yours faithfully,

C.K. Ramesh

President.

21 APR 19

Subject - Grant of a plot of land to accommodate the employees of the Press etc

With reference to your communication No L 6840 dated 22-12-48 asking for my opinion about the representation of the employees of the Government Press and allied offices praying for the grant of suitable sites to them very near to the Press premises, I have the honour to state that the Director, Stationery and Printing in Mysore having asked in his letter No P 1907 dated 8-3-1949 for certain information regarding sites for his employees in order that he might pursue the subject with the Minister, a reply was sent to him with my letter No 3961 dated 11-3-1949, to the effect that (1) so far as the built houses in the Kumara Park West Extension were concerned it was the desire of Government that they should be auctioned, (2) that as regards the other sites in the Kumara Park West Extension about 60 in number, the total number of applications received for them run to over 1,000, (3) further the estimates prepared for the formation of the Extension show that unless the site value is fixed at Rs.[illegible]- per square yard for smaller sites measuring 40' x 60' the scheme will not be self supporting, (4) as the Press employees number over 600 and want to form a colony and as there are only 60 sites in this area it is apparent they cannot have a colony here, (5) The Palace Guttahalli and Vyalikaval Extension Schemes — they are pending with Government and on receipt of orders in respect of these schemes it may be possible to grant among others to the Press employees also sites here

P T O

3 Orders of Government have since been received sanctioning the acquisition of properties for the Vyalikaval Scheme, and soon the formation of the sites will be taken up and the progress communicated

Yours faithfully,

Gen Secy

Respected Sir,

I beg to submit herewith a Resolution passed in the Managing Committee met on 12th instant, requesting you to kindly grant sites to Press Employees close by i.e., Rajamahal Guttahalli along the Railway line or Kumara Park extension which is a long awaited promise.

In this connection, I beg to draw your kind attention to the oral promises made by you and the Chairman, Trust Board, Bangalore on the happy occasion of Anniversary Day of the Association, for providing sites in Rajamahal Guttahalli. But hitherto it seems to us that no action has been taken and Press Employees might have been completely forgotten in your multifarious engagement.

Therefore I humbly beg your pardon for again reminding you that Govt. Press Employees are patiently and calmly awaiting your early action for providing sites.

We are sure that you will not ignore the Govt. Press Employees in any way.

Thanking you Sir,

Yours faithfully,

PRESIDENT.

To The Secretary to Government,
General Department, Bangalore

Referring to your letter No L 13845, dated 26-5-1949, addressed to the President of the Government Press Employees' Association, Bangalore, stating that the request of the President in the matter of providing sites to the employees of the Press in the Palace Guttahalli and Vyalikaval areas in Bangalore City will be kept in view by the City Improvement Trust Board, Bangalore, etc I have the honour to state that the Chairman, City Improvement Trust Board, Bangalore City may be kindly instructed to take up the lay-out of the sites in the above areas early as the Press employees are very anxious to have their colony very early

In this connection, I may state that the Press Employees are required to attend office out of office hours on working days on Sundays and General Holidays on many occasions to execute special and ~~emergent~~ urgent works received from Government and other departments of Government As they are now residing in far off places from the Press Office, they find it difficult to attend office in time and work extra hours It facilitates Government work and adds as a great convenience to the Press employees if they are provided building sites in Palace Guttahalli and Vyalikaval areas I, therefore, request that the formation of sites in these areas may be kindly taken up very early in the interest of workmen and Government work

Yours faithfully,

DRS
